President’s Welcome

On behalf of the officers, directors, and show committee members, I welcome all of you to the 44th show presented by the National Philatelic Exhibitions of Washington, D.C.

We especially welcome all of the returning and new dealers to our show, members of the four convening societies, the many exhibitors, the excellent jury, the Executive Director of the American Philatelic Society (APS), and all visitors, both old and new. Our dealers offer a wide range of material for collectors, from beginning to advanced.

Our convening societies, as well as other philatelic groups, will be hosting talks open to the public during the show. Please look further for details.

Members of the convening societies and many others offer a very rich and diverse showing of philatelic materials in 210 frames of exhibits. The National Postal Museum has lent a special exhibit for this show. I encourage you to try something new. Select some exhibits that you feel you must see, but also take a look at exhibits that may pique your interest in an area you are not now collecting.

I also encourage those who have interest to attend the APS Town Meeting. It’s one of the best ways to learn about the status of stamp collecting in the United States. NAPEX 2019 will also have cachets commemorating the 50th anniversary of the landing on the moon and the 150th anniversary of the United States stamp issue of 1869. The United Nations Postal Administration plans a pre-launch of stamps produced for use by the UN offices in New York, Geneva, and Vienna.

Most of all, I hope all of you will enjoy NAPEX 2019. I believe that you will find it a great show!

NAPEX is an annual Philatelic Exhibition and is part of the World Series of Philately shows and was first held in 1950. It is now held on an annual basis, usually in early June. The NAPEX cachets and souvenir card are engraved in two colors and support the theme and have special show cancels.

The NAPEX cachet and cancel designs reflect events that are related to the Washington, DC, Maryland, and Virginia area or are of national interest. This year we honor the 50th Anniversary of Apollo 11 landing our astronauts on the moon.

Apollo Lunar Landing: At 9:32 AM (EDT) on July 16, 1969 the Saturn V rocket carrying three NASA astronauts launched into earth orbit. After one and one-half orbits, the rocket’s third stage ignited to boost the Apollo 11 mission onward to the Moon. Reaching lunar orbit on July 19th, the command/service module carrying Astronaut Michael Collins separated from the lunar landing vehicle to remain in lunar orbit. The lunar lander, carrying astronauts Neil Armstrong and Edwin Aldrin, Jr. touched down on the lunar surface at 4:18 PM (EDT) on July 20, 1969.

After it landed Armstrong notified mission control with the message “Houston, Tranquility Base here. The Eagle has landed.” Six hours later Armstrong became the first human to walk on the surface of the moon. His memorable words on the occasion were “That’s one small step for a man, one giant leap for mankind,” and he left his footprint in the lunar soil. Shortly thereafter he was joined by Aldrin. An equally momentous accomplishment was the safe return to earth of the Apollo 11 mission astronauts on July 24. Our cachets show various eagles to represent the landing of the lunar module on the moon and commemorate the Apollo 11 flight 50 years ago.

These items and other NAPEX covers and cards are available at the Information Table (Table i) and at our website www.napex.org/souvenirs. NAPEX 2019 extends special thanks to Michael Bean for printing our engraved souvenirs. We also acknowledge the outstanding support of the McLean, VA postmaster, Mr. Walter Daniels, and his staff for the temporary Post Office and sales and cancellation activities.

Airmail Scandal
The Air Corps Delivers

Murder, Mayhem & Adventure
wrapped around the real story of FDR's cancellation of airmail contracts in early 1934. Two young air corps commanders and a couple of feisty lady pilots deal with the army's lack of readiness to fly the mail and the mafia's attempt to legitimize cash from the just ended prohibition by stealing lucrative airmail contracts. An eager young airmail cover collector adds to the mix, revealing how difficult cover production was in the 1930s. Actual Washington political hi-jinks put the scandal onto front page headlines across the USA.
